Leadership Experience

American Academy of Orthopaedic Surgeons (AAOS) Resident Assembly

March 2023 – July 2025

Appointed by my residency program director as the single representative of my program to the AAOS Resident Assembly. In this role, I served as a voting member on advisory opinions and other issues brought forth to the Resident Assembly. I also received and distribute correspondence from the Resident Assembly and AAOS to residents in their orthopaedic residency programs. I was also voted by my national peers to be one of two members-at-large on the Executive Committee, which is the primary governing body of the RA, reporting to the AAOS Membership Council.

Education Chief Resident, Johns Hopkins Department of Orthopaedic Surgery

July 2024 - July 2025

Appointed by my residency program director as the PGY5 resident overseeing the yearly didactic curriculum for the residency. In this role, I helped redesign the curriculum to be based on modern learning materials and am responsible for weekly coordination of rotating didactic topics amongst faculty members.

Residency Finance Liaison, Johns Hopkins Department of Orthopaedic Surgery

July 2023 – July 2025

Inaugural appointed leadership position created out of need for increased communication and coordination between residents and the departmental finance team. In this position, I organized regular meetings with the department finance team to create a streamlined process for handling residency-related financial issues.

Medical Student Orthopaedic Society (MSOS) Education Committee Advisor

June 2022 – July 2025

Selected as a resident advisor to the national MSOS education committee. As part of this committee, I participated in bi-monthly meetings with the education committee medical student members to plan events for the MSOS curriculum. These included webinars on topics designed to help medical students improve their skills in research and clinical care, and prepare them for matching into orthopaedic surgery. I have also helped create several virtual webinars on these topics that have been held annually since their creation.

Academic Peer-Review

Ad-Hoc Journal Reviewer

Journal of Arthroplasty (Elite Reviewer Status)
Journal of Bone and Joint Surgery

March 2023 – Present

November 2025 - Present

Certified Peer Reviewer – Elsevier Researcher Academy

July 2023

Completed online didactic course which teaches the fundamental principles of academic peer review.

Clinical Teaching Experience

Preceptor, Transition to Wards – Johns Hopkins School of Medicine

February 2023

Selected as a Volunteer preceptor for a series of hospital-based teaching sessions in which I was responsible for precepting 2nd year medical students during a “Transition to Wards” course.

Community Service

Operation Walk Maryland - Volunteer

October 2023

Operation Walk is a volunteer medical humanitarian organization that provides hip and knee replacement surgeries at no cost to patients in the U.S. and globally. I was part of the team traveling to Ecuador in October 2023 led by Dr. Paul Khanuja, MD. My responsibilities included monthly packing/planning meetings, attending fundraising events, and personal fundraising. I personally raised \$1250 which was the highest among all 30+ team members.
